## Cohen's Lottery and Exchange-Office

*Hoc signo Fortuna.*

BALTIMORE—THURSDAY, JULY 13, 1826.

## Continued Success at Cohen's.

The drawing of the GRAND STATE LOTTERY of Maryland. No. 7, took place yesterday afternoon agreeably to advertisement, and we have the pleasure to announce, that the great Capital prizes of THIRTY THOUSAND DOLLARS, and TEN THOUSAND DOLLARS, were both sold at COHEN'S OFFICE—the former in a *whole ticket*, (No. 31320)—the latter in *shares* of One Half—One Quarter and Two Eighths. We must defer until our next for want of time an account where the numerous Capitals fell—we will however in the mean time mention, (as being the most important) that the great Capital Prize of 30,000 dollars, we sent on the 29th June to a gentleman in Norfolk, in the State of Virginia, and whose name we will announce as soon as we obtain permission—the 10,000 in shares, is held part in Baltimore, and part held amongst distant adventurers—one of the Quarters and an Eighth were sold so late as yesterday morning.

Our OFFICIAL LIST of the entire drawing, is published on the opposite page—it will be noticed that the Capital prize came out to an EVEN NUMBER, (31320) consequently all the even Numbers are entitled to \$4, in addition to whatever else they may have drawn. The CASH as usual at COHEN'S OFFICE, is ready for the whole of the prizes.

## New Schemes—Odd and Even

We have much pleasure in announcing in this day's Register, in addition to No. 8. of the MARYLAND STATE, that also of the 1st class of GRAND STATE LOTTERY or VIRGINIA, authorized for the promotion of Education, and for the Benefit of the MONOGALIA ACADEMY. This scheme is also arranged on the ODD AND EVEN SYSTEM, and will be the FIRST LOTTERY. The drawing will take place in the city of RICHMOND, on Wednesday the 27th of September.—We anticipate a spirited demand for the tickets, the number of which in the scheme, is comparatively few—The CASH for all prizes can be had at either of COHEN'S OFFICES as usual, the moment they may be presented.

ORDERS from any part of the United States, either by mail (post paid) or private conveyance, enclosing the cash or prize tickets in any of the lotteries, will meet the same prompt and punctual attention as if on personal application. *Address to*

J. I. COHEN, Jr. &amp; BROTHERS.

THE "ODD" NUMBERS.—Adventurers will recollect, that although the Capital Prize in the STATE LOTTERY came out to an even number, thereby entitling *all the even numbers* to four dollars—it does not follow, that all the Odd numbers are in consequence, Blanks—such is not the case—for on examination of the list of drawing, it will be seen that a very large proportion of the odd numbers drew prizes, and amongst them a large number of considerable importance, viz. 25409 and 33319 each 5000 dollars—3705—24013—29989 prizes of 1000 dollars each, &c. &c.

SHARE TICKETS—IMPORTANT.—We wish it to be understood, that we do not consider ourselves responsible for the payment of any prize or prizes which may be drawn by any share ticket, unless such share ticket be issued from either of our Offices.

J. I. COHEN Jr. &amp; BROTHERS.

We have to record in this day's Register, the death of THOMAS JEFFERSON and JOHN ADAMS—Both of them on the 4th of July.—Mr Jefferson in the 84th and Mr. Adams in the 91st year of his age. "The circumstances attending the death of these two venerable old men, both formerly Presidents of the United States, both signers of the Declaration of Independence, both called away on the same day, and that too, the fiftieth anniversary of the day when that instrument was signed—all form a coincidence, of which the world scarcely produces a parallel. It cannot be doubted, that if the choice had been with them, they would have fixed on the very day, for the termination of their mortal career, which an all-wise God has seen fit to choose for this solemn purpose, and which, henceforward, will be considered as doubly sacred.—Over the death of those distinguished men, then, we cannot grieve: they have gone to their rest at the day and hour they wished, after seeing themselves surrounded by millions of grateful human beings, whom they, in common with the other patriots of the Revolution, had contributed to render free, and happy and independent.

Mr. Jefferson was born on the 2d of April 1743, in the county of Albemarle at Shadwell, a country seat which now belongs to his grandson, within a short distance of Monticello, and within half a mile of his Rivanna mills. He was of course in the 84th year of his age.

Mr. Adams was born on the 30th of October, 1735, so that at the time of his death, he was 90 years, 8 months and 4 days old. He was therefore in his 91st year.

We cannot gratify our readers more, probably, than by the publication of the following extract of a letter from the University of Virginia, dated on the 6th instant:

"*Mr. JEFFERSON, expired on the 4th, ten minutes before one o'clock, in the afternoon, after a confinement to his bed of little more than a week, though the disease of which he died (diarrhoea) had been of long continuance. He suffered little bodily pain, and, apparently, none at all in mind; spoke of his approaching end with the most perfect composure, and indicated no solicitude except that his life should be prolonged to the 4th. We all rejoice that his wishes were fulfilled.*"

"He was buried yesterday, without any pomp or procession, in compliance with his dying request, but very many attended the burying place at Monticello, to see him interred. He left a *memoir of his life*, which I believe, will be put to press immediately, and numerous papers, that are intended for publication some years hence."

We have been informed also of the following singular facts:—that John Adams was eight years older than Thomas Jefferson; Thomas Jefferson, eight years older than James Madison; James Madison, eight years older than James Monroe; and James Monroe, eight years older than John Quincy Adams.

Only one signer of the Declaration of Independence now survives—our estimable and venerated fellow citizen CHARLES CARROLL, of Carrollton—he enjoys good health, and from his habits of regular exercise, and cheerful disposition, it is probable he will continue for several years to bless and enjoy his domestic and friendly circles.

On the arrival of the mail bringing intelligence of the death of Thomas Jefferson, the Court of Appeals of the Western Shore of Maryland, at the time in session at Annapolis, suspended further proceedings, and immediately adjourned for the day.

## LATEST FROM EUROPE.

By the packet ship New York, from Liverpool, whence she sailed on the 1st of June, London papers of the 30th of May have been received.

The sum of 100,000 pounds have been collected in London towards the relief of the prevailing distress.

It was expected that parliament would be prorogued on the 1st of June, to which day the house of Commons had adjourned.

A London ministerial paper says that Mr. Stuart Wortley, one of three members of parliament recently in this country, is to be called to the house of peers by the title of lord Wortley.

The London Morning Chronicle of May 20, says, Amelia Opie, the popular author, is now in London, attending the yearly meeting of the Society of Friends.

There are about 225 cadets, at the Academy at West-Point. Of these, 42 have graduated this year, and there are about one hundred candidates now before the Academic Board, applying for admission. It is probable that the greater part of these will be admitted. Another examination takes place in January next, which generally determines whether the cadet should be continued or dismissed.

Mr. Noah discontinued the New-York Advocate on the 4th instant, and the next day issued the first number of the New-York Enquirer, to be conducted under his sole direction. This paper will be printed on an entire new type, press and materials.

*Progress of the Ohio Canal.*—The work on the Northern division of the Ohio Canal is progressing with spirit, and generally at a rate which promises its completion within the time prescribed by the contracts. Upwards of 2000 laborers and about 300 teams are constantly employed on the line between Cleveland and Kendal, which is now under contract; and work to the amount of between forty and fifty thousand dollars, at contract prices, is performed monthly. The contracts require the completion of the work by the first day of October next.

The first time the Declaration of Independence was publicly read in Massachusetts, was in Worcester. The express, on his way to Boston, furnished Isaiah Thomas, Esq. with a copy for publication in the Spy, of which he was at that time the publisher. The news of its receipt soon spread throughout the town, and a large concourse of people collected, all anxious to see or hear so extraordinary a document. To gratify their curiosity, Mr. Thomas ascended the portico of the South Meeting House, (then the only one in town,) and read it to those who were assembled. Half a century has since passed away, during which our country has increased in wealth, population and power, beyond all former precedent. Mr. Thomas still lives to witness the prosperity of the country, and yesterday joined in the celebration of independence in the same house from which he read the declaration fifty years ago.—Worcester Spy.

*Caution.—Horse feed.*—Flour has been recommended from several quarters as a cheap substitute for oats in horse feed. The New York Post says:—A medical friend has called on us to say, that his horse has died in consequence of feeding him on flour, and on enquiry he finds the death of several other horses has been traced to the same cause.

[The wheat of last year, was much injured by the Weevil fly; some of which damaged grain being ground and sold for horse feed, may have been deleterious, and most probably has injured horses.]

# The Next Lotteries....Odd and Even System.

## GRAND STATE LOTTERY OF VIRGINIA...FIRST CLASS.

**J. I. Cohen, Jr. & Brothers,**

Have the pleasure to announce to the public the first scheme of the GRAND STATE LOTTERY OF VIRGINIA, for the promotion of Education and the Benefit of the Monongahela Academy. The scheme is arranged on the ODD AND EVEN SYSTEM, which mode of drawing (secured by Letters Patent under the Seal of the United States) has been adopted in consequence of its established and unrivaled popularity. The Prizes are all payable in CASH, which as usual at COHEN'S OFFICES, can be had THE MOMENT THEY ARE DRAWN.

The whole to be drawn IN ONE DAY, and will take place on  
**WEDNESDAY, THE 27TH SEPTEMBER,**  
IN THE CITY OF RICHMOND.

HIGHEST PRIZE,

# 20.000 Dollars

### BRILLIANT SCHEME.

**12,978 PRIZES, am'ting to \$95.000**

**12,022 —**

**25.000 TICKETS.....\$95.000**

### MODE OF DRAWING.

The Numbers will be put into one wheel as usual—and in the other will be put, the Prizes above the denomination of Four Dollars, and the drawing to progress in the usual manner. The 12,800 prizes of Four dollars will be awarded to the odd or even numbers of the Lottery (as the case may be) dependent on the drawing of the capital prize of Twenty Thousand Dollars—that is to say, if the 20,000 dollar prize should come out to an odd number, then every odd number in the scheme will be entitled to a four dollar prize; if the 20,000 dollar prize should come out to an even number, then all the even numbers in the scheme will be each entitled to a prize of Four dollars.

**Odd Numbers end with 1, 3, 5, 7 or 9—Even Numbers with 2, 4, 6, 8 or 0.**

This mode of drawing not only permits the whole Lottery to be completed IN ONE DRAWING, but has the great advantage of distributing the small prizes regularly to every alternate number in the scheme, so that the holder of two tickets, or two shares of tickets (one odd and one even number), will be certain of obtaining at least one prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this scheme is not restricted from drawing an inferior one also; many tickets, therefore, will necessarily obtain TWO PRIZES EACH!

Tickets.....\$5.00	Quarters.....\$1.25
Halves.....2.50	Eighths.....62

To be had in the greatest variety of Numbers (Odd and Even) at

**COHEN'S  
LOTTERY AND EXCHANGE OFFICES,**

Where more Capital Prizes have been obtained than at any other Office in America.

Prizes in any of the late Lotteries will be received in payment.

ORDERS from any part of the United States, either by mail (post paid) or private conveyance, enclosing the Cash or Prize Tickets in any of the Lotteries, will meet the same prompt and punctual attention as if on personal application.

### MODE OF DRAWING.

The Numbers will be put into one wheel as usual; and in the other will be put, the prizes above the denomination of Nine Dollars, and the drawing to progress in the usual manner. The 17,500 prizes of 9 dollars will be awarded to the odd or even numbers of the Lottery (as the case may be) dependent on the drawing of the Capital Prize of Fifty Thousand Dollars—that is to say, if the 50,000 dollar prize should come out to an Odd Number, then every Odd Number in the Scheme will be entitled to a 9 dollar prize. If the 50,000 dollar prize should come out to an Even Number, then all the Even Numbers in the Scheme will be each entitled to a prize of 9 dollars.

**Odd Numbers end with 1, 3, 5, 7 or 9—Even Numbers with 2, 4, 6, 8 or 0.**

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING, but has the great advantage of distributing the small Prizes regularly to every alternate number in the Scheme so that the holder of two tickets or two shares of Tickets, (one Odd and one even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this Scheme is not restricted from drawing an inferior one also; many Tickets, therefore, will necessarily obtain TWO PRIZES EACH!
